

CLEANBOSS

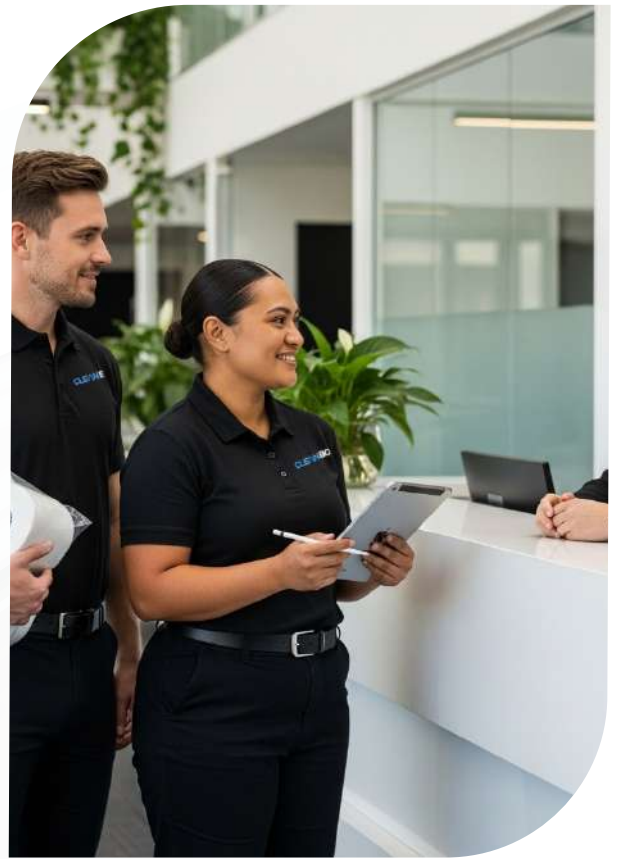

HYGIENE & CONSUMABLES SUPPLIED BY THE BOSS.

WE KNOW A THING OR TWO ABOUT CLEANING

We started by cleaning workplaces. Now we supply them. What began as clients asking us to keep an eye on their toilet paper and soaps turned into us leveraging our buying power and securing strong wholesale agreements with trusted suppliers.

Because we don't operate from large warehouses or carry heavy overheads, we negotiate sharp deals and pass the savings directly to you. No inflated margins. No unnecessary costs. Just quality products at fair pricing.

With hands-on experience in commercial cleaning and facilities support, we know what we're talking about when it comes to cleaning and hygiene supplies.

Available in cartons

MODERN SANITARY SOLUTIONS

We supply and install discreet, modern sanitary units that eliminate the need for ongoing third-party servicing contracts.

By installing fixed units that do not require external servicing, businesses can significantly reduce ongoing hygiene costs while maintaining high standards of compliance and presentation.

No recurring service fees. No hidden charges. Just a smarter system installed once and managed in-house or by our team.

Our solutions are practical, compliant, and designed to blend seamlessly into your bathrooms.

ODOUR

Long Lasting Odour Control.

A powerful, long-lasting fragrance cartridge designed to neutralise odours at the source, not just mask them. The technology actively eliminates unwanted smells, leaving spaces consistently fresh.

PETITE PODS

Discreet and Professional.

A discreet, compact sanitary disposal solution designed for modern washrooms where space matters. Petite Pods provide hygienic, touch-free containment and a professional appearance.

SANI-POD

No Service Contracts.

A durable, high-capacity sanitary disposal unit built for busy commercial environments. Sani-Pods offer hygienic containment and dependable performance without ongoing servicing contracts.
